

ROSÉ OF SYRAH

"I love the dual nature of Rosé; essentially a white wine made from red grapes. While the hint of its red-grape origin engages the sense of sight, the winemaking methods preserve the delicate aromas you expect in a white wine. Crafted to maximize its refreshing essence and fruit-forward aromas, it's a perfect wine for those hot summer days. Go Pink!"

—Melanie Krause, Winemaker

TASTING NOTES

Watermelon aromas mix with fresh mint, alpine strawberries and pomegranate while the texture is a lush companion for your senses.

PAIRING SUGGESTIONS

Perfect for prosciutto wrapped melon, grilled shrimp or your favorite antipasto salad. Don't be afraid to pair with grilled meats, this wine has what it takes!

WHEN TO DRINK

Enjoy now and often!

- Sawtooth

ROSÉ OF SYRAH

THE VINTAGE

2019 was a slightly cooler year than we've seen in a while which led to the harvest season starting and finishing later in the year. What could have been a concern for ripening was balanced by a low crop level in most of the Snake River Valley, allowing our grapes to achieve ripeness. Cooler seasons tend to yield wines that are more elegant but less robust than hotter years. This trend follows for 2019, where we are seeing wines with great aromatics, elegant structures, higher acidity and lower alcohol levels. Tannins are making themselves felt in the red wines, but in a finer, more pointed style rather than the broad style of a hot year. These wines should stay elegant and youthful for many years to come.

PRODUCTION NOTES

- Made from Syrah.
- Picked at 20 - 22 brix.
- Destemmed and left on skins for 30 minutes - 1 hour.
- Gently pressed for around 2.5 hours and then fermented in 100% stainless steel tanks at low temperatures.
- Bottled in February 2020.

WINE PROFILE

VINTAGE	2019
VARIETAL	Syrah
APPELLATION	Snake River Valley
ACID	5.8 g/L
pH	3.42
RESIDUAL SUGAR	0%
ALCOHOL %	12.9%
VOLUME	750 ml
CASES PRODUCED	450
